

OPPORTUNITY

APPLICATION ENGINEER

Date of posting: July 6, 2010

Reports to: Christian Barret, Engineering Manager

Work place: Lachine, QC, Head Office

Summary

Our engineering department in Lachine is currently seeking candidates to fill a position of engineer. The ideal incumbent should have a general knowledge of products as well as good communication skills since he will have numerous contacts with other departments as well as customers.

Tasks and responsibilities

- Review all projects related to process applications (equipment selection) using tools such as C.A.O and A.C. to complete the projects;
- Make sure projects are feasible (cost study, deadline, risks, resources, profit margin, etc.);
- Coordinate projects and ensure follow-up during their completion;
- Produce detail drawings (production and assembly);
- Prepare quotes on customers' projects;
- Supervise the installation of important or specific projects;
- Participate to joint visits to customers with Kinecor's sales team;
- Develop and use selection program (for pumps, tank, piping, etc.) for our internal use (sales force);
- Prepare manuals for the installation or maintenance of projects completed for customers;
- Provide technical and engineering support to our branches and customers;
- Participate with our clients (planners, supervisors and engineers) in equipment selection and standardization;
- Solving of application problems at our customers;
- Collaborate with the sales force in collecting equipment data from our customers;
- Coordinate and follow ISO standards applicable to engineering;
- Evaluate and recommend new products (process) to our purchasing department;
- Make sure our technical documentation is current and updated.

Skills

- 1 to 2 years experience in a similar industry;
- Have a Mechanical Engineering diploma accepted in Quebec;
- Knowledge of SolidWorks, Auto Cad & FEM;
- Bilingual (French / English);
- Team player and business savvy;
- Have commercial abilities;
- Responsible, dynamic and well-organised;
- Be available for traveling in Canada (to customers and branches).

Anyone interested in this position must submit his or her resume to the attention of the Human Resources by email at hr@kinecor.com or by fax at 514-636-7586.
